

1890 Institution Facilities Grants

Paragraph for member request letters going to the House and Senate Agriculture Appropriations Subcommittees:

The 1890 Facilities Program provides funds for the acquisition and improvement of agricultural and food sciences facilities and equipment, including libraries, at that the 1890 land-grant institutions, Tuskegee University, and West Virginia State College. This program helps ensure that these institutions participate fully in the production of human capital in the food and agricultural sciences. I support funding for this program at a level of \$24.5 million.

Note: Form for House members on reverse of this sheet.
