

Hispanic-Serving Institutions' Education Grants Program

Paragraph for member request letters going to the House and Senate Agriculture Appropriations Subcommittees:

The Hispanic-Serving Institutions Education Grants Program is a competitive grants program funded by USDA. This program promotes and strengthens the ability of Hispanic-serving institutions to carry out higher education programs in the food and agricultural sciences. These programs aim to attract outstanding students and produce graduates capable of enhancing the America's food and agricultural scientific and professional work force. I support a funding level of \$5.1 million for this program.

Note: Form for House members on reverse of this sheet.
