

## Agrosecurity Education

***Paragraph for member request letters going to the House and Senate Agriculture Appropriations Subcommittees:***

The President's budget for CSREES includes a \$5 million request for Agrosecurity Education. Agriculture and veterinary schools around the country are broadening their curricula to include agrosecurity education and working hard to encourage more students (among them future researchers) to enter this vital discipline. The President's request of \$5 million will help accelerate such activities. I support a funding level of \$5 million for the new Agrosecurity Education program.

***Note: Form for House members on reverse of this sheet.***

**Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies  
FY 2006 Funding Request Form**

For each and every project that is requested within your Member's letter, please enter the corresponding information on the form below. Each request requires a completed form. Requests will not be considered unless they are documented in either an official member letter or testimony and electronically transmitted via the form below. All member requests are due no later than \_\_\_\_ 2005. Please follow the numerical steps and enter applicable information relating to your project request. An "\*" indicates a required field. Please contact the Appropriations Committee staff at x5-2718 with questions, problems, or concerns about this form.
